

LGAP Training Schedule

2020

AniMark®

AniMark is pleased to announce that training sessions for the Livestock Global Assurance Program (LGAP) will commence in October 2020 and will be made available free of charge to livestock industry participants.

The sessions will be delivered in English and will be held via live interactive webinars.

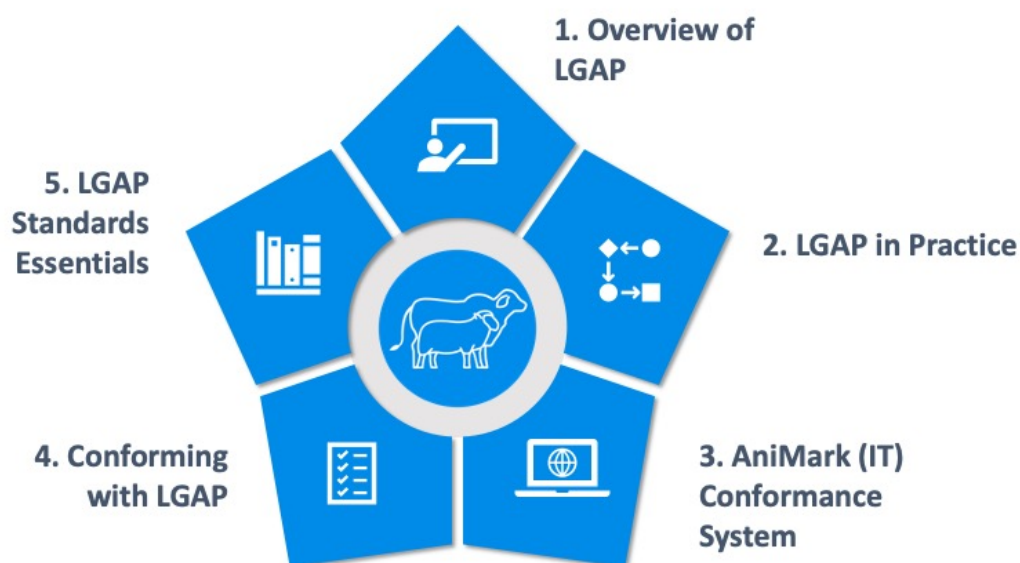

There are five modular sessions which progressively build attendees' knowledge base on the structure of the program, the AniMark (IT) Conformance System, how to conform to LGAP and the LGAP Standards.

Dates have been set in October and the program will be repeated in its entirety in November 2020. Further sessions will be scheduled according to demand.

The sessions will outline the benefits of LGAP, demonstrate how the AniMark Conformance System will assist in your management of your supply chains and work through practical examples of how to apply the LGAP Standards to your enterprise.

To register for these online webinars please contact Karina Larden (Training Manager) on klarden@animark.com.au or Ruth Frater (Commercial Manager) rfrater@animark.com.au

LGAP Industry Training

1. Overview of LGAP (1 hour)

- Friday 2 October 1-2pm (AEST) or Tuesday 10 November 1-2pm (AEST)
- This is an introductory session about LGAP which focuses on:
 - What is LGAP and who is involved?
 - How LGAP works – introducing the Certification Pathway and what LGAP provides – detailing resources of the program
 - What are the benefits of LGAP?

It is recommended as the starting point for learning about the program and is applicable to all levels of personnel, from senior managers to operational staff.

2. LGAP in Practice (1.5 hours)

- Friday 2 October 2.30pm-4pm (AEST) or Tuesday 10 November 2.30pm-4pm (AEST)
- This session builds on Session 1 and key aspects of the program, including:
 - LGAP Standards & requirements
 - The certification pathway – step by step
 - Internal and external audits
 - Nonconformity management
 - Certification and maintaining certification

It is recommended for all entities considering LGAP certification, from senior managers to operational staff.

3. AniMark Conformance System (1.5 hours)

- Tuesday 6 October 1.30-3pm (AEST) or Wednesday 11 November 1.30pm-3pm (AEST)
- The session focuses on:
 - An overview of the operation of the Conformance System
 - The benefits of using the Conformance System
 - Completing internal audits and submitting corrective actions
 - How to access audit reports and LGAP Certificates

It is recommended for staff who will have operational responsibility for LGAP and staff who will undertake internal audits under LGAP.

4. Conforming with LGAP (2 hours)

- Wednesday 7 October 1.30pm-3.30pm (AEST) or Thursday 12 November 1.30pm-3.30pm (AEST)
- The session is a practical overview of the key elements required to be met to enable LGAP certification and links these elements to the processes demonstrated in the session on the AniMark Conformance System. It focuses on:
 - The key elements of auditing and continual improvement
 - Completing internal audits
 - The role of external audits and non conformity management

It is recommended for staff who have operational responsibility for LGAP and staff who will undertake internal audits under LGAP.

5. LGAP Standards Essentials (2 hours)

- Friday 9 October 2-4pm (AEST) or Friday 13 November 2-4pm (AEST)
- This session provides a detailed understanding of the requirements of the LGAP Standards. It focusses on:
 - The role of standards, and the development and principles of the LGAP Standards
 - LGAP1001 Animal welfare and management
 - LGAP1002 Management Systems
 - LGAP1003 Chain of Custody

It is recommended for staff who have operational responsibility for LGAP and staff who will undertake internal audits under LGAP.

The training content has been developed with funding from the Live Export Program (LEP).
